

Tradewinds of Emsworth II

Moody 35

General Information:

Tradewinds of Emsworth II is a 35ft cruising yacht from the UK range of Moody yachts. It has been cruising in Greece for the past 16 years, but is hauled ashore for 7 months each year during the winter. She holds an Unlimited Transit Log (UTL) and therefore has met the requirements as a VAT EU Paid vessel. She has been surveyed regularly in accordance with her Insurance Company requirements and has had the standing rigging replaced on a 10 yearly basis.

The boat carries a number of spare parts, including a spare engine starter motor and alternator. There are also spares kits for some of the electrical pumps (fresh water pump, shower drain pump, bilge pump) and the toilet.

Tradewinds of Emsworth II will be cruising Greek waters until the end of September 2025, when it will be hauled ashore at the Basimakopouloi Shipyard in Kilada, Argolida. The boat may be viewed whilst cruising if there is an opportunity, and also in the shipyard over the winter 2025-2026.

The asking price is negotiable.

Builder:

Marine Projects Ltd, Plymouth, England

Seller:

Kip Marina, The Yacht Harbour, Inverkip, Greenock, Renfrewshire, PA10 0AS, Scotland (Tel: +44 1475 521485)

Year of Manufacture:

1992
